United States Patent and Trademark Office
Pre-Grant Publication Division

Arlington, Virginia 22202

SIR:

Applicants respectfully request a corrected or revised patent application publication pursuant to 37 CFR 1.221(b). This request is being filed within two (2) months of the date of publication and is based on material errors made by the Patent and Trademark Office.

In particular, it is to be noted that the face of the above-noted published application incorrectly lists the following as Assignees:

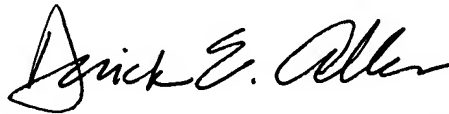

(73) Assignees: Symyx Technologies, Inc.; Honda Giken Kogyo Kabushiki
Kaisha; MEMC Electronic Materials, Inc.

The list of Assignees should not include MEMC Electronic Materials, Inc. Rather, the correct list should appear as follows:

**(73) Assignees: Symyx Technologies, Inc.; Honda Giken Kogyo
Kabushiki Kaisha**

A corrected filing receipt was issued on January 24, 2005 which included the correct assignment information. Accordingly, the above-noted error was made by the United States Patent and Trademark Office. Applicants therefore respectfully request a corrected or revised patent application publication.

Respectfully submitted,
